Junior IT Technician and Fullstack Developer passionate about solving technical problems and building reliable, user-friendly applications.

Experience

Prefeitura Municipal de Sobradinho - Bahia Brazil

IT Technician	2024 - Present
IT Technician - intern	2022 - 2024

- Perform assembly and maintenance of computers and workstations, ensuring proper operation and reliability of hardware components.
- Set up and maintain computer network infrastructure, including wired and wireless configurations.
- Install and maintain servers for local networks and internal services.
- Diagnose and repair electronic devices and related equipment.
- Maintain and troubleshoot small-scale transmission towers and related hardware.
- Deployed and configured Zabbix for real-time monitoring of servers and critical medical equipment, enabling proactive alerts that reduced downtime and improved reliability.
- Managed user accounts and access policies, including internet and VPN control through a PFSense server.

Netarise - IT Solutions Startup

Fullstack developer	2025 - Present

- Co-founded a technology startup focused on IT solutions, web/mobile development, and tech support.
- Act as the primary point of contact for clients seeking custom web and mobile applications.
- Design and develop full-stack solutions using modern technologies (e.g., React, Node.js, NestJS, PostgreSQL).
- Collaborate with a team to deliver scalable, secure, and user-friendly software tailored to client needs.
- Participate in client meetings, project planning, and solution architecture.
- Ensure timely delivery and high quality of software products.
- Contribute to brand building, business strategy, and technical documentation.

Education

Centro Territorial de Educação Profissional do Sertão do São Francisco - Juazeira Bahia - Brazil 2019 / 2021

Practical training focused on computer maintenance, networking, operating systems, databases, programming, and technical support, with an emphasis on teamwork and problem-solving.
